

MICHIGAN BOYS STATE IS...

To the participant: A richly rewarding and educational program that has prompted many former participants to seek careers in public service. Selection serves as testimony to a participant's character and leadership skills and is an experience recognized by employers and service academy and university admissions boards as an indicator of strong leadership and character traits.

To the sponsor: An opportunity to make a positive difference in a young person's life. A sponsor provides a character-building and educational experience the participant will remember for a lifetime. It is also a source of great satisfaction to the sponsor.

To the parents: Assurance their son is participating in a character-building program of rich tradition open to those who have earned the right to attend.

To the school: A practical experience that teaches young men about state government and how to become better leaders. As participants return to school for their senior year, they are able to take a more active role in student government.

SPONSORS AND COST

Anyone can sponsor a young man to attend the program for example: American Legion Post, Sons of the Legion, American Legion Auxiliary, Legion Riders, business (private or public), club, organization, school, or parent, etc. The cost to the sponsor is \$375 per boy.

Participants at Michigan Boys State program develop friendships that will last a lifetime.

FOR FURTHER INFORMATION

General information about Michigan Legion Boys State program may be obtained by contacting either an American legion post in your community or by calling the state headquarters at 517-371-4720 ext. 23 or by email at: legion@michiganlegion.org

Additional information can also be found online at www.michiganboysstate.org

A National Civics Leadership Program

MICHIGAN

Boys STATE

A WEEK THAT SHAPES A LIFETIME

Held on the Campus of

THE AMERICAN LEGION

Michigan Boys State is a unique summertime educational program for high school juniors focusing on participation and personal experience in a model state, complete with governmental bodies and elected public officials. It is designed to mirror the structure and operation of its respective state government, while providing training in practical citizenship, leadership and character development through a non-partisan perspective.

The American Legion believes our American government can survive only with an educated populace. By teaching youth to understand and appreciate our democratic republic, America can remain strong and ensure our freedom for future generations.

INSTRUCTIONAL PROGRAM

The effectiveness of Michigan Boys State in teaching state government is found within its instructional program. The instructional program consists of some classroom instruction and general assemblies of instruction, but the program is primarily comprised of functional "hands on" activities that promote learning by doing. The majority of program hours are directed to government instruction and practical exercises.

Known as "citizens" at Boys State, each young man becomes an integral part of the program by assuming responsibilities and performing duties either as an elected or appointed official, or otherwise fulfilling an assignment entailing the duties of responsible citizenship

POLITICAL ORGANIZATION

Participants are assigned to a mythical political party which results in involvement at the precinct level, the city, county, judicial circuit, senatorial or legislative district as well as at the state level of government. The government organization provides for elections at all levels and includes party caucuses and conventions, platform development, and the organizing and operation of local government units such as county boards, agencies and courts.

Boys State allows its citizens to form and operate their government with guidance of adult volunteer staff; but because Boys State emphasizes learning by doing, citizens are encouraged to be innovative and are not bound by rigid design.

ELIGIBILITY AND SELECTION

The American Legion's National Americanism Commission has established certain qualifications for prospective Boys State citizens and works with the respective programs to insure compliance. Guidelines for Boys State participation include:

- Only males who have successfully completed their junior year of high school and have at least one semester of high school remaining are to be considered.
- Any young man who has previously attended a Boys State is not eligible to attend a second session.
- Only young men with outstanding qualities of leadership, character, scholarship, loyalty and service to their schools are to be considered.

In the actual selection process, merit and ability are the two most important factors considered. Enrollment fees, or "tuition," are paid by American Legion posts or other community minded organizations, with little or no expense to a young man or his family.

The selection process for Boys State varies at the American Legion Post level, but it generally begins with high school educators and/or counselors recommending several young men. The sponsor (either a Legion post or other community organization) then selects representatives from that list to participate in American Legion Boys State.

Boys State programs develop leaders for tomorrow.

OBJECTIVES

Michigan Boys State seeks to:

- 1) develop leadership and pride in American citizenship;
- 2) arouse a keen interest in the detailed study of government;
- 3) develop a full understanding of American traditions and a loyalty to the United States of America;
- 4) arouse in the young citizens a determination to maintain our form of government;
- 5) inculcate a sense of individual obligation to the community, state and nation; and
- 6) safeguard and transmit to posterity the principles of justice, freedom and democracy.
