Gary,

Thank you so much! You have provided a miracle for our family! God bless you and if you ever run for president, you have my vote. I can now focus on upcoming projects.

Thanks again!

Mr. Tanner,

Thank you so very much for the help this holiday season. I hope an email doesn't seem too impersonal but I wanted to write my gratitude down while still being legible! I understand taking care of soldiers and their families is something you do on the side, though, I can't even begin to express what an impact it made for my family. Accepting your help was very hard at first and even calling you Gary seems too informal (you deserve all the respect for what you do). From the deepest depths of my heart I thank you for helping us through a very rough time but especially helping me feel like I don't ALWAYS have to do it alone. That realization is worth more than any physical present or amount of cash could ever amount to. I can't say it enough. Thank you! ~ Christa - Army National Guard

Gary,

I don't know how to thank you from my heart! Bless you! Thank you so much! My wife and I and my son appreciate the relief that you're helping us with. You make a difference in my life! I just don't have the words to express my total gratitude. Every step towards the better makes life better. The list of the bad things going on in my life could be considered huge, but you have helped to start to knock away some of those troubles. For that I can never thank you enough.

Sincerely,

Tom K.

Mr. Tanner, I am writing you this note to say how grateful and blessed I am to have received a second chance. My son and I are truly humbled by the financial assistance we were given to help us move forward. There are times when life just gets in the way and many of us just wish there was someone to care a little and help a little. With the help from your program and the American Legion, I can breathe again literally. On behalf of my son and I, we humbly thank you and all responsible for helping us.

Sincerely,

Delaysa D.
