IMPORTANT NOTICE TO LEGION BASEBALL TEAMS

SPECIAL NOTICE TO ALL TEAM COACHES, MANAGERS

On February 14, 2018, Senate Bill 534 (2017) was signed into law and became effective immediately. The bill amends two federal statutes: (1) the Victims of Child Abuse Act of 1990 and (2) the Amateur Sports Act of 1978. Without getting too technical, this new law basically requires all individuals working with national member organizations to complete the Abuse Awareness course developed by USA Baseball for its members. This means all legion baseball team staff members need to complete the training. I have included information on this new requirement below.

HOW TO COMPLETE THE REQUIRED ABUSE AWARENESS TRAINING

To complete the required abuse awareness training required by our National organization simply following the steps listed below:

1. Visit <http://opportunities.averity.com/ALDeptMichigan> and submit your information for a background check which is also required. Background checks and training are provided through Protect Youth Sports/Averity.com
2. Once you complete the background check information, Department will run your background check and a link will be emailed to you to complete the required abuse training. The email will come from message@protectingourkids.com and will be titled "Child Safety Training". Click the link and follow the instructions.
3. The training takes approximately 30 minutes. You must score at least 70% or higher on the short quiz that follows the training in order to pass. Upon passing the training you will be able to print your certificate for your records. You do NOT need to send a copy to Department as we will be automatically notified if you pass or fail. You are allowed to retake the quiz if you happen to fail/score under 70%.

Questions or concerns regarding this required training and/or background checks should be directed to the Program Coordinator, Ashley Zimmer, via legion@michiganlegion.org or phone 517-220-2754.

3. Any team found to have an ineligible player will be suspended from District, Zone and State play and will forfeit all games that player played in, as well as, any moneys due them. The eligibility of players can be protested at any time with documentary proof. Proof of residence and age will be done before District, Zone and State play. Driver's license or Michigan picture identification card will be used for verification.
 - A. All other protests will be decided at the time of irregularity (before play is resumed) by the umpires and the committee in charge of the tournament.
 - B. Appeals of rule decisions will be reviewed by chief umpire with input from Department Baseball Committee and the Michigan and National Rule Books.
4. The zone tournament shall have no host. The zone tournament shall be rotated from district to district. The zone chair shall declare the specific district location before the district tournament begins.
5. Weather permitting, District Tournaments shall be completed 3 days before the Zone Tournament and the Zone Tournaments shall be completed 3 days before the State Tournament.
6. If the host of the state tournament wins their zone tournament, the runner-up of that zone shall also advance to the state tournament guaranteeing a 6 or 8-team state tournament.
7. There shall be three (3) umpires per games of State Tournament play and four (4) umpires for the potential last, and final game for both Class A & Class AA.
8. At the fall state convention, the Department Baseball Chairman shall make a recommendation the State Baseball Committee as to an Umpire in Chief. Umpire in Chief will be responsible for securing 6 umpires, 1 from each zone, if possible.
9. The Department Tournament schedule will be announced by the Department Baseball Chairman at the Fall Conference.
10. All teams are expected to be ready to play at the scheduled time. Failure to be present 15 minutes after the scheduled time, will result in a forfeit of that game.
11. Bracketing, as outlined by the National Americanism Commission, will be adhered to.
12. When possible and not disruptive to the tournament, the home team shall have the third base dugout. Warm-up time before games shall be regulated by the committee in charge. The host team field is a neutral field at any level of play and is controlled by the committee in charge.

22. Beginning with the 2007 season, the state tournament shall be hosted by Zone 4 and rotated to each zone thereafter: Zone 5-2008, Zone 1-2009, Zone 2-2010, Zone 3-2011 and continue in rotation. At the Fall Conference, the following year's zone host must declare their intention to host the tournament. In the event that zone declines the host status or it is determined there was no representation from that zone the summer just concluded, the state committee shall offer the tournament to the following zone in sequence. If that zone accepts the tournament, the rotation continues. However, if that zone declines, the tournament host is opened to the entire state and awarded by the state committee and the rotation resumes the following year (Example: for 2009, Zone 1 had no representation during the 2008 season. Zone 1 therefore, is denied host privilege for the 2009 state tournament. Zone 2 would have opportunity to accept the 2009 tournament. If they accept, the rotation continues; if they decline, their host status for 2010 remains). To avoid any confusion, zones will not be allowed to switch years.

23. The State Tournament for class A shall be comprised of a host team and 5 Zone Champions. If a Zone(s) have no representative (registered team), the zone which has the most registered teams shall be allowed to send their runner-up or other teams. The State Tournament for class AA shall be comprised of 8 teams: A host team and the 5 Zone Champions. If a Zone has no represented team, that slot shall be filled by the Zone with the most registered teams. The remaining slots for the tournament shall be selected on the basis of most registered teams. The State Committee shall determine the seating of the non-Zone champion teams. If two Zones have the same number of registered teams, the second determination shall be the most registered teams in Class AA. If there is still a tie, a flip of the coin shall determine which Zone is selected.

24. Each team in the State Tournament must submit a \$200 damage deposit at the end of the zone tournament to be returned to them minus any charges after the hotel bill is paid. Deposit will be forfeited if the team fails to appear.

28. A player discovered entering the batter's box with an illegal bat shall be given the opportunity to change bats. If it is discovered that a ball is contacted with an illegal bat, the batter shall be declared out and ejected along with the head coach and all action by the illegally batted ball shall be nullified.
29. Effective 2010 Baseball season, The Department of Michigan baseball committee shall create a second senior division which hereafter shall be known as Class A. This division will be based on smaller school population and shall adhere to the Department of Michigan Baseball rules and the National rules except as specifically modified by the following rules:

Junior team players are required to follow rules involving Form #76 and #77 waiver/choice forms, if Junior team competition is not available in the Senior teams recruiting area, but the forms #76/77 do not restrict Junior players, to specific teams next year. (This allows Junior players to return to the regular Senior Legion team nearest their school or their parents legal residence).
- D. For rules of play the Junior division may use MHSAA rules, but must be uniform throughout the Department.

33. **TRANSFER RULE REVISION:** If Coaches from two (2) separate teams are unable to resolve a Player Transfer Issue then the matter will be turned over to the respective Zone Chairman. The Zone Chairman will then provide a recommendation to the State Baseball Chairman who will review the Player Transfer Issue and make a final decision.
